3. Important information for institutional and individual members

The general assembly is only open in full to members/their identified representative who have paid their membership fees for 2012, or new members that have paid the membership for 2013 before the start of the General Assembly.

Due to practicalities, individual members also have to pay their 2013 fee at the same time. Individual membership fees can be paid only in cash (€ 50 per year) and only during the registration period of the General Assembly (9:30-10:00). Others may attend the meeting without the rights to speak or vote.

2012 institutional members will receive the annual report and a list of candidatures for the election of the new executive board. This will be sent to the contact person on record given by the institution. As our records of individual members may not be up-to-date due the current lack of a uniform membership registration procedure, those of you who wish to attend the general assembly may request the annual report and the list of candidatures via email to the President: anna.lindal@konst.gu.se.
